- On analyzing the information given about the period of stay of Gaurav in India, the following position emerges:

| Previous year | Assessment year | Period of stay (Number of days) |
|---------------|-----------------|---------------------------------|
| 2006- 2007    | 2007- 2008      | 303                             |
| 2007- 2008    | 2008- 2009      | -                               |
| 2008- 2009    | 2009- 2010      | 61                              |
| 2009- 2010    | 2010- 2011      | 61                              |

Considering the number of days of stay during each of the previous years, the residential status of Gaurav is determined as follows:

- (i) For the assessment year 2007-2008, Gaurav has stayed for not less than 182 days during the relevant previous year 2006-2007. Hence, he is a resident. Also he

satisfies the two additional conditions for not ordinarily resident. Therefore, status of Gaurav for the A.Y.2007-08 is Resident but Not Ordinarily Resident.

- (ii) For the assessment year 2008-09, he has never stayed in India. Therefore, he is a non-resident, as having not fulfilled any of the two basic conditions.
- (iii) For the assessment year 2009-10, the period of stay is 60 days. According to section 6, an individual who stays for 60 days or more should also fulfill the requirement of stay of 365 days or more during the preceding 4 years. This limb of the basic condition is not satisfied and therefore, he is a non-resident.
- (iv) For the assessment year 2010-11, the period of stay does not satisfy any of 2 basic conditions. Therefore, he is a non-resident.

**Note : -**

The information about stay of Gaurav's wife and children in India is not relevant to determine the residential status of Gaurav. Similarly, maintenance of a residence in India is not relevant for determination of residential status.

#### 4. Tax Treatment for Limited Liability Partnerships [Sections 2(23) & 140]

- (i) The Finance (No.2) Act, 2009 has incorporated the taxation scheme of LLPs in the Income-tax Act on the same lines as applicable for general partnerships, i.e. tax liability would be attracted in the hands of the LLP and tax exemption would be available to the partners. Therefore, the same tax treatment would be applicable for both general partnerships and LLPs.
- (ii) Consequently, the following definitions in section 2(23) have been amended -
- (1) The definition of 'partner' to include within its meaning, a partner of a limited liability partnership;
  - (2) The definition of 'firm' to include within its meaning, a limited liability partnership; and
  - (3) The definition of 'partnership' to include within its meaning, a limited liability partnership.

The definition of these terms under the Income-tax Act would, in effect, also include the terms as they have been defined in the Limited Liability Partnership Act, 2008. Section 2(q) of the LLP Act, 2008 defines a 'partner' as any person who becomes a partner in the LLP in accordance with the LLP agreement. An LLP agreement has been defined under section 2(o) to mean any written agreement between the partners of the LLP or between the LLP and its partners which determines the mutual rights and duties of the partners and their rights and duties in relation to the LLP.

- (iii) The LLP Act provides for nomination of "designated partners" who have been given greater responsibility. Therefore, clause (cd) has been inserted in section 140, which lays down the "Authorised signatories to the return of income", to provide that the designated partner shall sign the return of income an LLP. However, where, for any unavoidable reason such designated partner is not able to sign and verify the return or where there is no designated partner as such, any partner can sign the return.
- (iv) Since the tax treatment accorded to a LLP and a general partnership is the same, the conversion from a general partnership firm to an LLP will have no tax

implications if the rights and obligations of the partners remain the same after conversion and if there is no transfer of any asset or liability after conversion. However, if there is a change in rights and obligations of partners or there is a transfer of asset or liability after conversion, then the provisions of section 45 would get attracted.

- (v) The LLP shall be entitled to deduction of remuneration paid to working partners, if the same is authorized by the partnership deed, subject to the limits specified in section 40(b)(v), i.e., -
- |     |  |  |
|-----|--|--|
| (a) | On the first Rs.3,00,000 of book profit or in case of a loss | Rs.1,50,000 or 90% of book profit, whichever is higher |
| (b) | On balance book profit                                       | 60% of book profit                                     |
- (vi) The LLP shall be entitled to deduction of interest paid to partners if such payment is authorized by the partnership deed and the rate of interest does not exceed 12% simple interest per annum.
- (vii) The LLPs cannot avail the presumptive taxation scheme under section 44AD w.e.f. A.Y.2011-12. However, section 44AE does not debar a LLP from availing the scheme thereunder.

1. Salary for the purpose of valuation of rent-free flat at Delhi comes to Rs. 3,00,000 (i.e., Rs. 2,20,000 + pension of 8 months: Rs. 80,000). Lease rent of the flat is Rs. 1,12,000 (i.e., Rs. 14,000 x 8). As lease rent of the flat exceeds, 15% of salary, Rs. 45,000 (being 15% of salary) is taxable value of unfurnished flat. To this figure, rent of furniture is added to arrive at the valuation of furnished flat. Therefore, Rs. 54,000 (i.e., Rs.45,000 + Rs. 9,000) is value of rent-free furnished flat provided in Delhi.

- (i) The non-quoting of PAN by deductees in many cases have led to delay in issue of refund on account of problems in the processing of returns of income and in granting credit for tax deducted at source.
- (ii) With a view to strengthening the PAN mechanism, new section 206AA has been inserted to provide that any person whose receipts are subject to deduction of tax at source i.e. the deductee, shall mandatorily furnish his PAN to the deductor failing which the deductor shall deduct tax at source at higher of the following rates –
- (1) the rate prescribed in the Act;
  - (2) at the rate in force i.e., the rate mentioned in the Finance Act; or
  - (3) at the rate of 20%.

For instance, in case of rental payment for plant and machinery, where the payee does not furnish his PAN to the payer, tax would be deductible @20% instead of @2% prescribed under section 194-I. However, non-furnishing of PAN by the deductee in case of income by way of winnings from lotteries, card games etc., would result in tax being deducted at the existing rate of 30% under section 194-B. Therefore, wherever tax is deductible at a rate higher than 20%, this amendment would not have any consequence.

- (iii) Tax would be deductible at the rates mentioned above also in cases where the taxpayer files a declaration in Form 15G or 15H (under section 197A) but does not provide his PAN.
- (iv) Further, no certificate under section 197 will be granted by the Assessing Officer unless the application contains the PAN of the applicant.
- (v) If the PAN provided to the deductor is invalid or it does not belong to the deductee, it shall be deemed that the deductee has not furnished his PAN to the deductor. Accordingly, tax would be deductible at the rate specified in (ii) above.
- (vi) These provisions will also apply to non-residents where tax is deductible on payments or credits made to them.

- (vii) Both the deductor and the deductee have to compulsorily quote the PAN of the deductee in all correspondence, bills, vouchers and other documents exchanged between them.

- However, such option shall not be available in cases where the consideration for the service provided or to be provided is shown separately in the invoice, bill or, as the case may be, challan issued by the service provider.
- 22.** In the instant case, the conditions to be satisfied in order to claim the exemption of the services provided in relation to the authorized operations in a Special Economic Zone, and received by a developer or units of a Special Economic Zone, whether or not the said taxable services are provided inside the Special Economic Zone are as follows:-
- (a)** The developer or units of Special Economic Zone shall get the services required in relation to the authorised operations in the Special Economic Zone approved from the Approval Committee (hereinafter referred to as the specified services);
  - (b)** The developer or units of Special Economic Zone claiming the exemption actually uses the specified services in relation to the authorised operations in the Special Economic Zone;
  - (c)** In case of the services consumed wholly within the special economic zone (as in the given case), the exemption can be claimed by the developer or units of special economic zone upfront without following the refund route.

- (d) No CENVAT credit of service tax paid on the specified services used in relation to the authorized operations in the Special Economic Zone has been taken under the CENVAT Credit Rules, 2004.

| Sale Price   | <u>46,464</u> |
| VAT @ 12.5% on sales   | <u>5,808</u>  |

**Net VAT liability of Rishabh:-**

|                                   |              |
|-----------------------------------|--------------|
| VAT on sale price                 | 5,808        |
| Less: Set-off of VAT on purchases |              |
| On imports                        | Nil          |
| On local purchases                | <u>800</u>   |
| Net VAT payable by Rishabh        | <u>5,008</u> |

**Notes:-**

1. Since, the duty paid on imports is not a State VAT; it will form part of cost of input.
2. VAT charged by the local suppliers is Rs. 800. Since, the credit of this would be available; it shall not be included in the cost of input.
3. Credit/set-off for tax paid on inter-State purchases (inputs) is not allowed.

**24.** The subtraction method of computing VAT is normally applied where:-

- (a) the tax is not charged separately and
- (b) the same rate of tax is attracted on all, including consumables and services, added at all the stages of production/distribution.

**25. Demerits of VAT system:-**

1. The merits accrue in full measure only under a situation where there is only one rate of VAT and VAT applies to all commodities without any question of exemptions whatsoever. Once concessions like differential rates of VAT, composition schemes, exemption schemes, exempted category of goods etc. are built into the system, distortions are bound to occur.
2. In the federal structure of India in the context of sales-tax, so long as Central VAT is not integrated with the State VAT, it is difficult to put the purchases from other States at par with the State purchases. Therefore, the advantage of neutrality is confined only for purchases within the State.
3. For complying with the VAT provisions, the accounting cost increases. The burden of this increase does not commensurate with the benefit to traders and small firms.
4. Since VAT is imposed or paid at various stages and not on last stage, it increases the working capital requirements and the interest burden on the same. In this way, it is considered to be non-beneficial as compared to the single stage-last point taxation system.
5. VAT is a form of consumption tax. Since, the proportion of income spent on consumption is larger for the poor than for the rich, VAT tends to be regressive.
6. As a result of introduction of VAT, the administration cost to the State increases as the number of dealers to be administered goes up significantly.

## **A. INCOME TAX**

### **I CIRCULARS**

#### **1. Circular No. 4/2009, dated 29.6.2009**

Section 195 mandates deduction of income tax from payments made or credit given to non-residents at the rates in force. The Reserve Bank of India has also mandated that except in the case of certain personal remittances which have been specifically exempted, no remittance shall be made to a non-resident unless a no objection certificate has been obtained from the Income Tax Department. This was modified to allow such remittances without insisting on a no objection certificate from the Income Tax Department, if the person making the remittance furnishes an undertaking (addressed to the Assessing Officer) accompanied by a certificate from an Accountant in a specified format. The certificate and undertaking are to be submitted (in duplicate) to the Reserve Bank of India / authorised dealers who in turn are required to forward a copy to the Assessing Officer concerned. The purpose of the undertaking and the certificate is to collect taxes at the stage when the remittance is made as it may not be possible to recover the tax at a later stage from non-residents.

There has been a substantial increase in foreign remittances, making the manual handling and tracking of certificates difficult. To monitor and track transactions in a timely manner, section 195 was amended vide Finance Act, 2008 to allow CBDT to prescribe rules for electronic filing of the undertaking. The format of the undertaking (Form 15CA) which is to be filed electronically and the format of the certificate of the Accountant (Form 15CB) have been notified vide Rule 37BB of the Income-tax Rules, 1962.

The revised procedure for furnishing information regarding remittances being made to non-residents w.e.f. 1<sup>st</sup> July, 2009 is as follows:-

- (i) The person making the payment (remitter) will obtain a certificate from an accountant (other than employee) as defined in the Explanation to section 288 in Form 15CB.
- (ii) The remitter will then access the website to electronically upload the remittance details to the Department in Form 15CA (undertaking). The information to be furnished in Form 15CA is to be filled using the information contained in Form 15CB (certificate).

- (iii) The remitter will then take a print out of this filled up Form 15CA (which will bear an acknowledgement number generated by the system) and sign it. Form 15CA (undertaking) can be signed by the person authorised to sign the return of income of the remitter or a person so authorised by him in writing.
- (iv) The duly signed Form 15CA (undertaking) and Form 15CB (certificate), will be submitted in duplicate to the Reserve Bank of India / authorized dealer. The Reserve Bank of India / authorized dealer will in turn forward a copy of the certificate and undertaking to the Assessing Officer concerned.
- (v) A remitter who has obtained a certificate from the Assessing Officer regarding the rate at or amount on which the tax is to be deducted is not required to obtain a certificate from the Accountant in Form 15CB. However, he is required to furnish information in Form 15CA (undertaking) and submit it along with a copy of the certificate from the Assessing Officer as per the procedure mentioned from Sl.No.(i) to (iv) above.
